The fight commenced by one woman calling another a male equine, or words to that effect. A request was made by one that some borrowed tea he returned. This was done by the tea heing thrown into the face of the leader. This seems to have started a general firing of larder guns all along the line; a promiscuous fire of rice, coffee, flour, butter, sugar and sweat names were hurled through the air with reckless violence. Correction.—In the communication on "German in the Public Schools," published in yesterday's INTELLIGENCER, two misprints occurred. One passage, mentioning Wurst's German grammar, should have read: "Translating exercises are not necessary to them" (to German speaking pupils); and the closing sentence should have read: "Where a German class consists of scholars from different school-rooms, as in the case of the English speaking scholars studying German, the German instruction can, of course, only be given in a separate recitation room." Police Courr.—Judge Cranmer.—The following cases were yesterday morning disposed of by His Honor:
Mary Smith, a colored prostitute, was sent to jail for ten days for loud and abusive language.
Daniel Grant was fined \$1 for assaulting Elijah Palins. Both colored.
John Altmyer was fined \$2 for disorderly conduct.

Further, that the defendant oftentimes since the date of the said marriage has been, as the petitioner is informed and believes, "guilty of the crime of adultory with divers lewd and dissolute men." The defendant in this case is a woman of bad repute, and is better known as "Belle Taylor." Mr. J. H. Good is solicitor for the petitioner. THE BARDERS NOT SATISFIED .- Some THE HARRESS NOT SATISFIED.—Some time since the barbers of Zanesville got an ordinance passed closing all shops on Sunday. It worked very well for a white, but they soon tired of it, and finally opened up shops. All went on very well until the last election, and now the newly elected Mayor is enforcing the ordinance to its full extent. Oh, no! the barbers ain't mad.

Mrs. Howe was required to give bond in the sum of \$50, conditioned to be of good behavior for the ensuing siy months.

Hydrophoria.—In this season of special anxiety about hydrophobia, it may be important for the public to know that in the opinion of one physician of merit, and no doubt of many other medical men, the disease, with all its symptoms, may be actually created by the force of the imagination. This is the view taken by Dr. George M. Beard in a recent paper. He thinks that the disease may be brought on "through the emotions of fear and expectation alone," and moreover that the mind has great influence in the causation and cure of many ence in the causation in the sum of \$50, the almost active to end in the sum of \$50, the almost active to end in the sum of \$50, the almost active to end in the sum of \$50, the almost active to end in the sum of \$50, the almost active to end of the about six weeks, and have been result from the sum of \$50, the end of the didicated Crackers and have been resulted to the sum of \$5

Extensive preparations are in progress for receiving a large turnout of the surviors of this regiment, who will be cordially welcomed by their patriotic Barnesville friends.
